**Message to all the citizens of Fujisawa:
Regarding Novel Coronavirus Infectious Diseases (COVID-19)**

This is a message from Mayor of Fujisawa, SUZUKI Tsuneo.

Now then, the state of emergency declaration issued on April 7, has been lifted.

However, lifting of the declaration did not mean a return to normal life as it used to be. There is a possibility to spread the infection again; thus, we need to keep our wits about us.

The national government has advocated “a new lifestyle” that embodies keeping physical distancing and avoiding the “3Cs”: confined and crowded places, and close contact with people.

As cautious behaviors and attitudes are still required to nonessential outings across prefectures and others, anew, I would like you to have healthy activities by a lifestyle like Fujisawa.

For that purpose, I would like to make a proposal new slogans as the City of Fujisawa.

A slogan from previous “#STAY HOME”, which indicates that let’s stay at home, to new ones: “#STAY LOCAL” and “#ENJOY LOCAL”. These represent our hopes to take enjoyment in your local areas while staying there.

Fujisawa, to be sure, has rich nature environment, warmhearted people, and full of attractive restaurants. During “#STAY LOCAL” and “#ENJOY LOCAL”, I hope that you will rediscover the attractive futures of Fujisawa.

The fight against the novel coronavirus continues in the future.

I understand that a heavy burden is being imposed on all the citizens; therefore, I would like you to reduce your stress and have a healthy life with a lifestyle like Fujisawa during this difficult time.

The City of Fujisawa strives to support life of the citizens along with continuing to work hard on preventing the spread of infection as much as we can.

We thank all of the citizens in Fujisawa for your continued understanding and cooperation.

SUZUKI Tsuneo
Mayor of Fujisawa
